6.5-Story:

Let's see the various steps required to create a Story in Tableau. This story uses the Superstore data set that is available as a sample on Tableau Desktop.

Step 1: Click on the new Story tab to create a new story. You can then add various sheets and dashboards to create a story point.

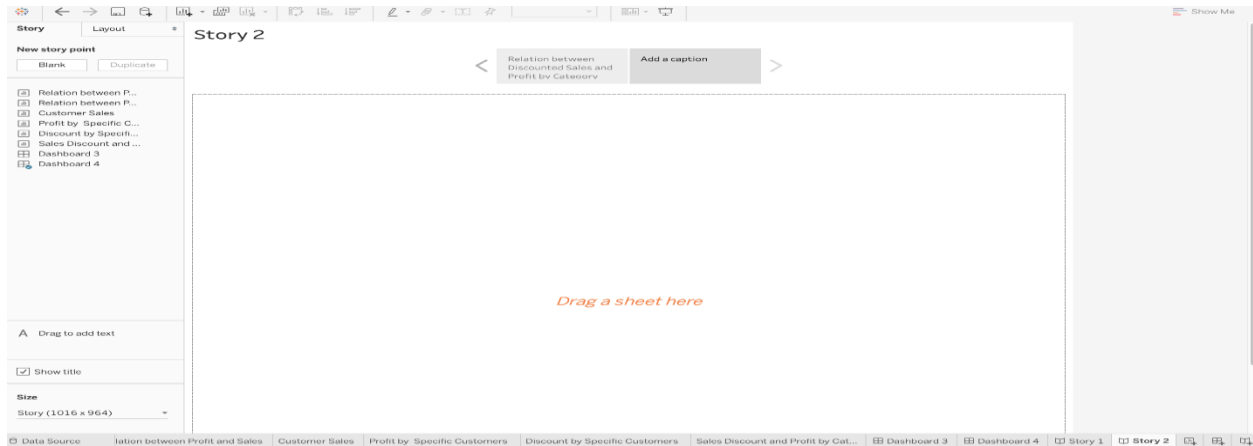

Step 2: You can double-click on the sheets and dashboards on the left to add them to a story point. You can also drag the sheets into your story point on the Tableau desktop. All the sheets and dashboards that are added to a story are connected to their original forms.

Empowering India: Analysing the Evolution of Union Budget Allocations for Sustainable Growth.

Step 3: It is possible to add another story point by 2 methods. You can either click on the Blank tab to use a blank sheet for the next story point or click on the Duplicate tab to obtain a duplicate sheet as the current story point. Let's click on the blank option.
